

Dear Community Partners-

As many of you know, we recently hosted the first of a series of conversations about the Full School Day. For those who were able to attend, thank you for your time and energy. As we shared in the meeting, we recognize that you play a vital role in supporting our principals, teachers, and students and we look forward to continuing to work with you to ensure that the transition to the Full School Day is a successful one for our students!

Many of you indicated that your fellow organizations were unable to attend these meetings and you'd like us to repeat these meetings. Based on your feedback, we'll be holding 2 additional sessions in mid-February. (Please scroll down for more information about these sessions. Please note that these sessions will be a REPEAT of the previous sessions).

Thanks again for your time and energy.

Agenda

- Provide an overview of the Full Day plan
- Discuss the year-long planning process
- Address any questions you may have

A few notes:

- Please make sure to RSVP using the links below
- Please limit the number of representatives from your organization. (We want to ensure we can accommodate all interested organizations which require us to ask for your help in this manner.)
- If you attended one of our January sessions, you need not attend on February 10th or 16th as the content covered will be the same.
